## **YOUR WEDDING...**

Without a doubt, your Wedding is one of the most important days in your lives. The photographs, which as you look over them, should bring a smile to your face as they help you remember your perfect day.

At PJB Photography we understand this and provide a service that gives you the peace of mind that you will get the very best in terms of service, quality, results and value.

We are aware of the importance of this day, and included in our core package is our gift to you, a complimentary pre-wedding photo session including a DVD of the shots and a framed 12" x 8" print.

We use the very latest professional digital equipment, utilising the top end Nikon DSLR Cameras and Nikon Lenses. We normally take in excess of 1400 shots during a typical wedding.

Your wedding photographs will be what you want, we work closely with you and bring our experience to bear so that we identify which pictures will best capture the magic of your day.

Your pictures can be any combination of traditional, contemporary or reportage styles, and normally are a mix of Colour, Black & White and Split colour. We offer a choice of different options depending on your requirements; and you can tailor any of our services to your exact needs.

We are passionate about what we do, and we always like to meet with you again about a month before the wedding to discuss and plan exactly the shots that you want.

Our coverage of your special day is for the whole of your special day, we never charge any extra for staying and providing full coverage at the reception or for capturing the all important preparations at the start of the day.

We are happy to photograph your wedding anywhere, and have taken shots at weddings from the mountains of Canada to the shores of a lake in Berkshire, if your wedding is within 40 miles of Kettering, then we don't charge for travel.

We look forward to helping you capture your magic day.

## **Core Wedding Package**

- ◆ Pre-wedding planning session that allows you to brief us on exactly how you want the photographs to look and feel. We can advise you on the best way to achieve this and make sure that the “special” shots you want are included.
- ◆ A pre-wedding portrait shoot taken at a location of your choice well before the big day. This includes a 12" x 8" mounted and framed print of your favourite shot. You may order as many pictures from this session as you wish.
- ◆ We go to your chosen venues with you well in advance of the wedding, so we can plan the best angles and backgrounds for any formal shots.
- ◆ We cover all of your big day, starting from the brides all important preparations right up until about an hour following your first dance.
- ◆ Up to 100 table cards for your wedding breakfast, with a picture taken from your pre wedding photo shoot and a few words from you. Also on the cards are the details of when and where the wedding photographs will be available for viewing on the web.
- ◆ Online web display of your wedding photographs. As mentioned above, your guests will be able to see your wedding images and choose any prints they wish to buy from your own, password protected, private website gallery, this is normally about 10 days following the wedding.
- ◆ Proof DVD featuring all of the pictures telling the story of your big day. The actual number of images will depend on the size/type/nature of your wedding but it will certainly be around 600 from a typical wedding. This DVD is yours to keep, and this will help you choose the pictures for your featured album and enlargements.
- ◆ Proof sheets of your wedding photographs. These are printed as colour corrected, high resolution thumbnails onto 16" x 12" sheets of photographic paper at our pro Lab. We also supply a loupe (magnifying glass) which is yours to keep.
- ◆ Your main wedding album is a 10" x 10", 15 page (30 sides), heavyweight leather style album, with the photos being laid directly onto the pages. These can be designed in a variety of styles to suit you. It can of course be upgraded, for an additional cost, to any of over 70 different albums choices that we offer.
- ◆ A 10" x 8" parents album is also included in our core package. This wonderful album has 15 pages allowing for 30 photographs. These pages can be produced so there is more than one image per photograph and the photo can flow across two pages. You do of course have the option to upgrade this to any of the other parents albums that we have available and add a second album for a reasonable cost.
- ◆ A DVD slideshow of all your album photographs set to music of your choice.
- ◆ We also give you a voucher for a portrait session on your first anniversary, which includes a 12" x 8", mounted and framed print.

It is rare, especially in large families, when you can get all members of the family in one place, this makes Weddings an ideal time to capture those special group shots.

Remember that we will always be guided by you as to the style of photography that you want on the day, and then with this in mind we will ensure that the opportunities to capture the right flavour of the day are not missed

Our experience of weddings is that most of our couples are aware of the formal photographs associated with the day and we are happy to agree these with you. We also feel that sometimes a more creative angle can add an extra special dimension to your memories of the day.

The only limit to your photographs is imagination, if you see a particular photograph that you like, in a magazine or on the web, then keep a copy and let us see it during our planning session and we'll plan a similar shot during the day. We have lots of examples that you can browse through for inspiration.

#### **TERMS AND CONDITIONS**

[1] "Photograph(s)" means all photographic material furnished by PJB Photography Limited, 62 Walsingham Avenue, Kettering, NN15 5ER, hereinafter "Photographer", whether transparencies, negatives, prints, digital images, DVD's, CD's or otherwise.

[2] Except as otherwise specifically provided herein, all photographs and rights therein, including copyright, remain the sole and exclusive property of Photographer. Any additional uses require the prior written agreement of Photographer on terms to be negotiated. Unless otherwise provided herein, any grant of rights is limited to the private use of photographic material purchased by the individuals.

[3] Client will not make or permit any alterations, additions, subtractions in respect of the photographs, including without limitation any digitalization of the photographs, alone or with any other material, by use of computer or other electronic means or any other method or means now or hereafter known, unless undertaken with the specific written consent of the photographer.

[4] Client will indemnify and defend Photographer against all claims, liability, damages, costs, and expenses, including reasonable legal fees and expenses arising out of any use of any photographs for which no release was furnished by Photographer, or any photographs, which are altered by Client. Unless so furnished, in writing, no release exists. Photographers' liability for all claims shall not exceed in any event the total amount paid under this contract. Client hereby grants the Photographer full model release rights for all photographs taken of any wedding party member or guest that is attending the event(s).

[5] Client assumes full risk of loss or damage to materials furnished by photographer hereunder and warrants that said materials are adequately insured against such loss or damage. Client shall indemnify Photographer against all claims, liability, damages and expenses incurred by Photographer in connection with any third party claim arising out of use of said material hereunder.

[6] All payment for services and materials provided by Photographer hereunder shall be made as follows; £150 of the fee to secure the date, with any balance payable not later than forty five (45) days before the wedding date. Orders for additional albums, reprints, enlargements or other services must be pre-paid in full at time of ordering. Fees are non-returnable, except as detailed in sections 9 & 10.

[7] Time is of the essence for receipt of payment. No photography will take place and no rights are granted until payment is made in full.

[8] Client may not assign or transfer this agreement or any rights granted hereunder. This agreement binds and insures to the benefit of Photographer, Client, Clients principals, agents and affiliates, and their respective heirs, legal representatives, successors and assigns. Client and its principals, agents and affiliates are jointly and severally liable for the performance of all payments and other obligations hereunder. No amendment or waiver of any terms is binding unless set forth in writing because of immediate proximity of shooting.

[9] If Photographer cannot perform this Agreement in whole or in part due to a fire or other casualty, acts of God or nature or terror, or other cause beyond the control of the parties or due to Photographer's illness or injury, then Photographer will return all fees to the Client(s) but shall have no further liability with respect to this Agreement. This limitation on liability shall also apply in the event that photographic materials are damaged in processing, lost through camera malfunction, lost in the mail, or otherwise lost or damaged without fault on the part of Photographer. Client(s) agree that an entire wedding cannot be replicated, reenacted or repeated for the purpose of a re-shoot and limits Photographer's liability to the amount paid under this contract.

[10] Emergencies: Emergencies such as serious injuries, serious illness or death to the signing parties to this agreement or their immediate families will cause this agreement to be null and void. Photographer will return any deposits made and will not charge for time or material expenses incurred while preparing for the shoot. Client(s) as well as Photographer must produce documentation in writing showing cause stating reason, relationship and have a document signed by an attending physician, charge nurse or funeral director. For the purpose of this agreement immediate family will consist of parents, stepparents, brothers, sisters, spouses, children, stepchildren, grandchildren and grandparents, as well as myself and the bride or groom. Either party may invoke this clause up to twenty days prior to the wedding causing this agreement to become null and void.

[11] Unless negotiated in a separate instrument (in writing) all proofs, sample prints, negatives and images remain the property of Photographer and may be used as advertising, display, or any purpose thought proper by Photographer without compensation.

[12] Upon signature, photographer reserves the time and date agreed upon and will not make other reservations for that time and date. For this reason, payments are not refundable - even if the wedding is cancelled with exception of (10) above. No other Professional Photographer will be permitted to photograph, pose, direct or interrupt while Photographer is working. Any breach of this clause will constitute a reason for non-completion of the job with no liability to the photographer and the loss of all payments made under this contract.

[13] While every reasonable effort will be made to produce and deliver outstanding photographs of the Wedding events, because a Wedding is an uncontrolled event, Photographer cannot guarantee delivery of any specifically requested image(s). Photographer makes no warranty of any kind, whether expressed, implied, statutory, or otherwise under this agreement. Photographer hereby specifically disclaims all warranties to the maximum extent permitted by applicable law.

[14] This contract is not valid until it is signed and appropriate deposit payments have been received. By completing the following information it is understood that you have read and agree to the terms of this contract.

[16] Photographer reserves the right to edit and will be the final authority on the images that will be produced and or offered for sale.
